- Cloud Services
- UI/UX
- Animation/3D rendering
- API development and Integration
- Software Engineering practices
- Creative Problem Solving
- Agile Methodologies

About Me

I'm a hardworking and passionate final-year IT student. with strong skills in programming, cloud development, databases, and UI/UX. My studies have equipped me with hands-on experience in building applications, analyzing systems, and solving real-world tech problems. I'm a fast learner, team player, and always eager to grow in the tech industry.

SKILLS

Programming: Java, Html, C#, JavaScript, React, Kotlin, CSS
Cloud Technologies: Firebase, Azure
Databases: MySQL, SQL Server, MongoDB, MySQL workbench, RoomDB, Firebase
Tools: GitHub and Git, Postman, Visual Studio/code, Android Studio, NetBeans, Pycharm
Software Engineering: Agile, SDLC, UML, Design Patterns
Personal: Hardworking, Goal orientated, Eager to learn, Works well under pressure, Collaborative, Fast learner, Communication, Leadership, Creative, Critical thinking, Risk analysis
3D rendering: Unreal Engine, Blender

Projects

Remember Me - Time capsule app
SpendSense - A fully functional budgeting mobile app for android
Unreal Engine Horror - developed a mini horror game
Animation - Designed various 3D animations
Pycharm - Built a fully functional Mario game in python
Eventia - A fully functional Trip/Event planner app working with API's

Education

Varisty College
Bachelor of Computer and Information Sciences in Application Development
2023 - 2025

Curro Midrand Sagewood
Matriculated with Bachelors Degree
2019 - 2022

Achievements and Highlights

- Built multiple full-stack applications integrating frontend, backend, and databases
- Created research proposals and academic reports on ICT topics
- Participated in group software development projects using Agile practices
- Gained consistent and several distinctions in my modules
- Worked to develop fully functional web applications for companies as well as mobile apps
